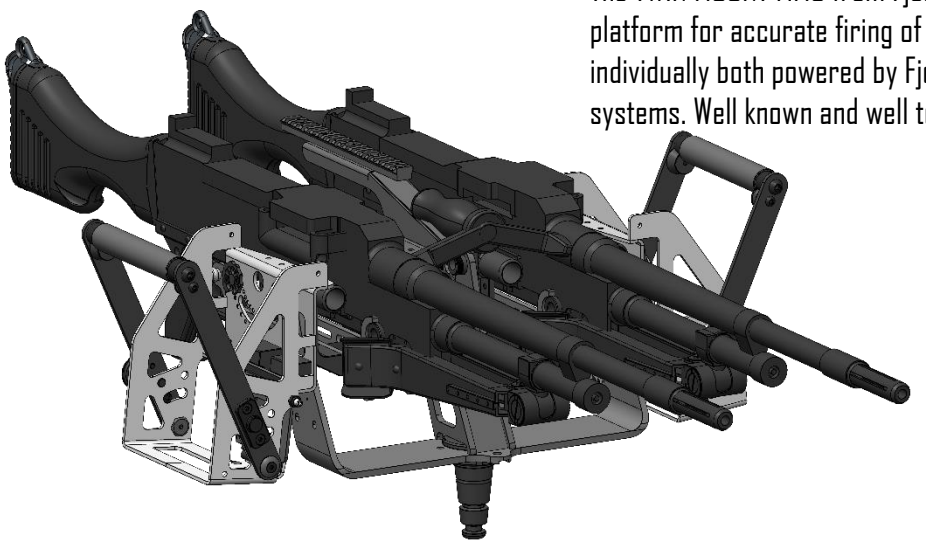
TWIN MOUNT MMG

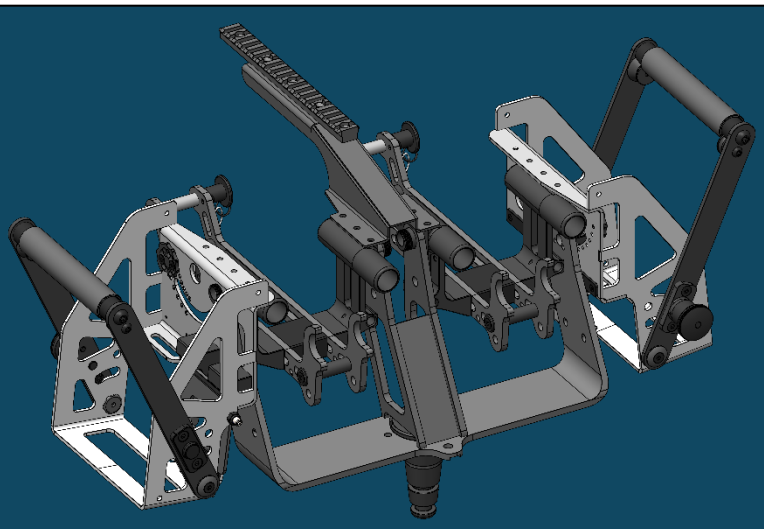


The TWIN MOUNT MMG from Fjord Defence is designed to provide a stable platform for accurate firing of two MMG weapons, simultaneously or individually both powered by Fjord Defence independent recoil absorbing systems. Well known and well tested!

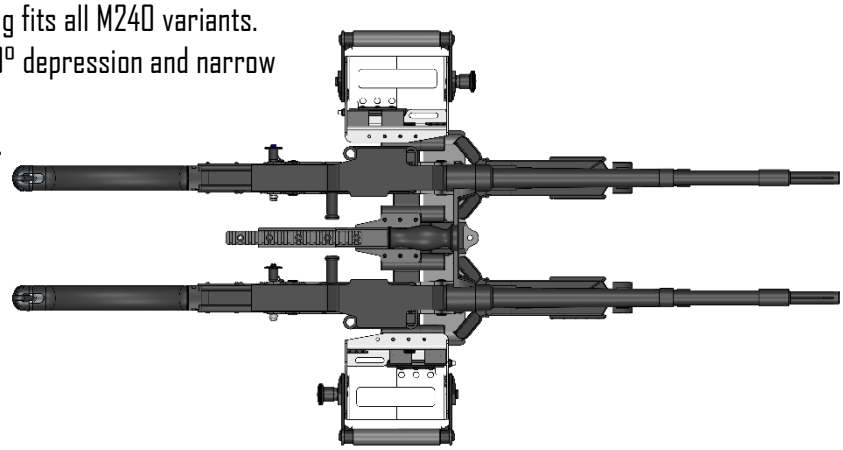
The Ammo box holder combines both M2A1 or M19A1 or a combination of both.

Interface, STANREC 4796 with adjustable depression limiter.

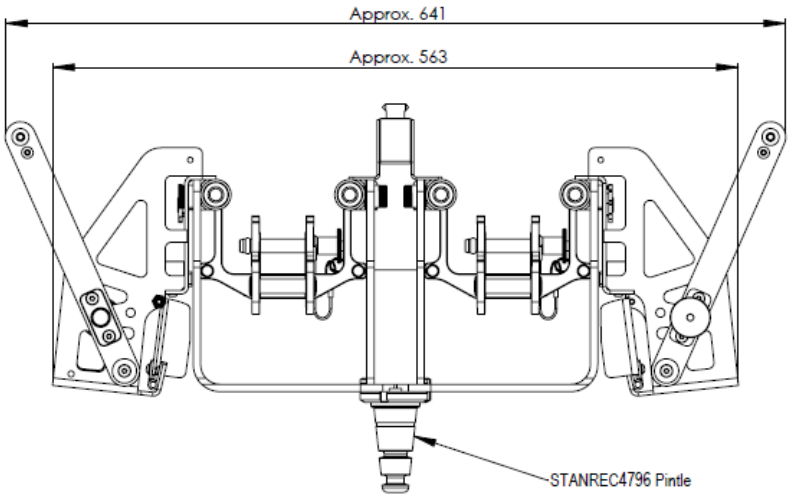
The brass and link collector bag hinder flow of brass/link into the vehicle hatch or on deck

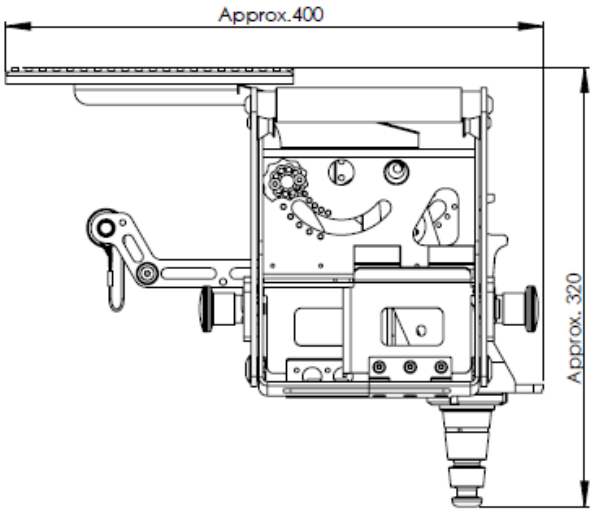


TWIN MOUNT MMG with integrated recoil damping fits all M240 variants.
The TWIN MOUNT MMG has 60° elevation, and 40° depression and narrow design gives a large range of motion.
Adjustable depression limiter with 1° resolution.



Specification





Technical
